(Specify Air or Sea Pouch)

DISPATCH NO. 25X1A 3091

**SECRET**  
CLASSIFICATION

MAR 16 1956

TO : Chief, FE  
ATTN : Director of Logistics  
FROM : Chief, [REDACTED]

DATE \_\_\_\_\_  
INFO: Chief, FE Support Base  
[REDACTED] 25X1A

SUBJECT { GENERAL Administrative/Logistics  
SPECIFIC Operating Data - Dehumidified Storage, [REDACTED]

REFERENCE: [REDACTED] 548

ACTION REQUIRED: None

1. In regards to above reference and for your information, this Station is in process of compiling statistics and answers to your queries submitted per reference.

2. The roofs of the Warehouses have been completely worked over finished on 9 March 1956. The false ceiling with the inlaid vapor seal is now in the process of being repaired. Upon completion, a one month's experience factor will be compiled and recommendations for future installations will be submitted inclusive of comments by the present Logistics Officer, Project Engineer, and qualified engineers of the construction firm who actually constructed the dehumidified warehouse.

3. This Station proposes that the compiled data will be ready for transmittal on/about the 1st May 1956.
